We are in Cyprus!

The last couple of months were very busy as we packed up our home, sold it, stored our belongings, said new life in full-time in our city. They

difficult good-byes to those we love, and stepped into our missions! God connected us with people looking for a home came to look at the house that weekend. The following day, they offered to purchase it, we closed within two weeks, and they generously allowed us to stay in the house until we left the US.

They shared with us how God had told them to purchase our home before they ever saw it. These are things that only God can do!

We are so grateful we were able to spend Mother's Day with both our mothers the day before we left the US! It was such a meaningful day to spend with family before the miles separated us.

We arrived in Cyprus on May 17th! Our first weekend, we connected with the church in a special way and we look forward to growing together over the next few months. We are holding weekly Bible studies with a group of wonderful people in the city of Nicosia, about an hour from our home. We look forward to what God does in that city!

Please help us pray that our residence visa applications are approved without any delay. God has connected us with key people who are willing to help us with this process.

Also, please pray for God to put us in the path of hungry souls as we endeavor to reach the searching hearts of the Mediterranean.

God bless each of you for your giving and prayers. **We are here because of you!** Please continue to share our burden for these precious people.
